1 STALL OVERVIEW

1.1 What Is Tick Tock Trials?

Tick Tock Trials is an hourly challenge game where players must complete a new and unique mini-task of the said hour. Players have 60 seconds on the clock to conquer the stall's latest trial and win.

1.2 Objective for Players

Conquer the active hourly challenge in under a minute and claim points.

1.3 Game List

Five trials rotate through this stall. Only one trial is active per hour – the stall in-charge decide and announce which trial is running for that hour

- Colour Code Crack
- Pair Up
- Scrabble
- Trick Shot
- Maathi Yosi

2 PROPS NEEDED

2.1 Equipment Checklist

Item	Qty	Used In	Source
Branded cans / bottles (matching pairs)	7 pairs (14 total)	Colour Code Crack	Brought by Stall In-charges
Box (to display the matching set)	1	Colour Code Crack	Brought by Stall In-charges
Deck of cards	1 deck, arranged 6x6 (18 pairs)	Pair Up	Brought by Stall In-charges
Scrabble letter set	10 letters per play	Scrabble	Admin / Gift Counter
Ping pong balls	6	Trick Shot	Admin / Gift Counter
Cups	6	Trick Shot	Admin / Gift Counter
Stopwatch	1	All timed trials	Brought by Stall In-charges

PROPS PICKUP

Collect the scrabble letters, deck of cards, and ping pong balls for this stall at the Admin / Gift Counter at the start of the Fest.

PROPS RESPONSIBILITY

Stall in-charges are responsible for bringing 7 pairs of branded cans or bottles and a box for the Colour Code Crack trial — these are not collected from the Admin / Gift Counter.

3 GENERAL GAME FLOW

3.1 Setup Steps

1. At the start of each hour, the stall in-charges decide and announce which of the five trials is active for that hour.
2. Player pays 30 tokens at the stall counter to begin
3. Volunteer briefly explains the rules of that hour's trial and sets up the required props.
4. Volunteer starts the stopwatch as soon as the player begins (for timed trials)/
5. Player attempts the trial within it's time limit / attempt count.

6. Volunteer calls time (or notes the result) and checks the player's performance against the trial's Point Distribution

RULE OF THUMB

Only one trial runs per hour — players **cannot** pick which trial to attempt; whichever trial is active is the one they play. Standard time limit for all timed trials is 1 minute unless a trial states otherwise.

4 THE FIVE TRIALS

Each trial below lists how it is played, its point distribution, and its Kid's Concession (Wrist Tag 'C').

4.1 Colour Code Crack

How to play?

A box displays a set of 7 branded cans or bottles arranged in a particular colour order. The player must match 7 cans or bottles on the table to the ones shown in the box, within 1 minute.

Point Distribution

Result	Points
All 7 cans/bottles correctly matched within 1 minute	3 points
Not fully matched within the time limit	0 points

Kid's Concession (Wrist Tag 'C')

Only 5 cans or bottles need to be correctly matched instead of all 7. Full score (3 points) is awarded for matching the reduced set within the time limit.

4.2 Pair Up

How to play?

A basic memory-matching game using a deck of cards arranged face-down in a 6x6 grid. The player must find all 18 matching pairs within 1 minute.

Point Distribution

Pairs Found	Points
10 – 13 pairs	1 point
14 – 17 pairs	2 points
All 18 pairs	3 points

Kid's Concession (Wrist Tag 'C')

Full score (3 points) is awarded for matching at least 10 pairs within the time limit, instead of requiring all 18 pairs.

4.3 Scrabble**How to play?**

The player is given 10 letters and must form as many words as possible within 1 minute. Words must be 4 letters or longer and must not be names.

Point Distribution

Words Formed	Points
12 words or more	2 points
15 words or more	3 points

Kid's Concession (Wrist Tag 'C')

Player is given an easier set of letters (more common, vowel-friendly letters) to work with. Words must be 3 letters or longer. The standard word-count thresholds above still apply.

4.4 Trick Shot**How to play?**

6 cups are arranged on the table. The player must bounce a ping pong ball at least once on the table before it lands in a cup. 6 balls are played in total, and each must land in a different cup.

Point Distribution

Cups Landed	Points
2 cups	1 point
4 cups	2 points
6 cups	3 points

Kid's Concession (Wrist Tag 'C')

Player stands at a closer distance to the cups and is given extended time (1.5 minutes, per the standard Kid's Concession time) to complete the trial. Standard point thresholds above still apply.

4.5 Maathi Yosi

How to play?

The stall in-charge asks the player any question. The player must respond with a completely different answer that has no relation in any form to the question asked. If the player successfully gives a fully unrelated answer, 3 points are awarded.

Point Distribution

Pairs Found	Points
Player gives a completely unrelated answers	3 points

If they answer correctly anywhere before the time limit, the game is over and they get 0 points.

If they take longer than 2 seconds to answer, the in-charge can deduct a point away

Kid's Concession (Wrist Tag 'C')

Player is given more attempts than the standard single attempt. If a mistake is made, the stall in-charge may give a warning instead of ending the turn, allowing the player to try again / continue (upto the discretion of the in-charges).

5 SUPPORT & ON-SPOT GUIDANCE

For any further doubt or on-spot guidance, volunteers and players should go to the Admin / Gift Counter.

IMPORTANT

The rules and points distribution of this Stall is open to change based on player reception on the Day of the Fest and can be brought up by the Stall In-charges to the Admin
