 Props Pickup	Collect 4 bins & 40 balls from Admin / Gift Counter
 Need Help?	Go to the Admin / Gift Counter for any doubt or on-spot guidance

1 STALL OVERVIEW

1.1 What Is Colour Blind?

Colour Blind is a fast-paced sorting challenge. Forty coloured balls are mixed together across four bins, and the player must race against the clock to sort every ball into the bin matching its colour.

1.2 Objective for Players

Sort all 40 balls into their correctly coloured bins before the time limit runs out to earn full points.

2 PROPS NEEDED

2.1 Equipment Checklist

Item	Qty	Notes
Bins (different colours)	4	Each bin corresponds to one ball colour
Balls	40	10 balls of each of the 4 colours
Stopwatch / Timer	1	Used to enforce the 30-second (or 1 1/2 minute) limit

PROPS PICKUP

All props for this stall must be collected at the Admin / Gift Counter at the start of the Fest.

3 GAME SETUP

3.1 Setup Steps

1. Place the 4 bins on the counter, spaced evenly so a player can reach and sort into all of them.
2. Mix all 40 balls together and distribute them across the 4 bins so no bin only contains its own colour.

4 HOW TO PLAY

4.1 Play Sequence

1. Player pays **30 Tokens** at the stall counter to begin.
2. Volunteer starts the stopwatch as soon as the player begins sorting.
3. The player must sort the mixed balls so that each ball ends up in the bin matching its colour.
4. Standard time limit is **30 seconds**.
5. Volunteer calls time at the end of the limit and checks how the bins have been sorted.

RULE OF THUMB

A ball only counts as correctly sorted if it is in the bin matching its own colour when time is called. Sorting continues until the timer runs out or the player finishes early, whichever comes first.

5 POINT DISTRIBUTION

5.1 Standard Scoring

Condition	Points
All 40 balls sorted correctly within 30 seconds	3 points

If the balls are not fully sorted correctly within the time limit, no points are awarded under the standard rules.

6 KID'S CONCESSION

6.1 Who Qualifies

This concession applies only to participants with the extension 'C' on their Wrist Tag.

6.2 Concession Rules

Rule	Detail
Time Limit	1 1/2 minutes (extended from the standard 30 seconds)
Scoring	2 points if at least 2 bins are sorted correctly

CHECK BEFORE YOU START

Always check the player's Wrist Tag for the 'C' extension before applying Kid's Concession timing and scoring. Without the 'C' extension, the standard rules in Sections 4 and 5 apply.

7 SUPPORT & ON-SPOT GUIDANCE

For any further doubt or on-spot guidance, volunteers and players should go to the Admin / Gift Counter.
