 Kid's Concession	Wrist Tag 'C' — 5 tries, stands closer, uses lighter darts
 Props Pickup	Collect 1 dart board & 3 darts from Admin / Gift Counter
 Need Help?	Go to the Admin / Gift Counter for any doubt or on-spot guidance

1 STALL OVERVIEW

1.1 What Is Darts?

Darts is a precision throwing challenge. Players aim three darts at a mounted dart board, scoring points based on how close to the bullseye they land.

1.2 Objective for Players

Score as many bullseye and inner-circle hits as possible across the 3 tries to earn the highest point tier.

2 PROPS NEEDED

2.1 Equipment Checklist

Item	Qty	Notes
Dart board	1	Mounted at a set distance from the throwing line
Darts	3	One dart per try

PROPS PICKUP

All props for this stall must be collected at the Admin / Gift Counter at the start of the Fest.

3 GAME SETUP

3.1 Setup Steps

1. Mount the dart board at the set distance from the throwing line.
2. Keep the 3 darts ready beside the throwing line.

4 HOW TO PLAY

4.1 Play Sequence

1. Player pays 30 Tokens at the stall counter to begin.
2. Volunteer hands the player the 3 darts.
3. Player throws the darts one at a time at the dart board.
4. Player gets 3 tries in total.
5. There is no time limit for this game.
6. Volunteer checks where each dart landed once all 3 tries are used.

RULE OF THUMB

A dart only counts as a bullseye if it lands in the centre bullseye zone.
A dart only counts as an inner-circle hit if it lands within the inner circle surrounding the bullseye.
Darts that miss the board or land outside the inner circle do not score under the standard rules.

5 POINT DISTRIBUTION

5.1 Standard Scoring

Result	Points
Bullseye hit 3 times	9 points
Bullseye hit at least once	5 points
Inner circle hit twice	3 points
Inner circle hit once	1 point

These tiers are evaluated from highest to lowest — award the single highest tier that matches the player's 3 throws (e.g. a player who hits the bullseye once and the inner circle twice still scores 5 points for the bullseye hit, not both tiers combined).

6 KID'S CONCESSION

6.1 Who Qualifies

This concession applies only to participants with the extension 'C' on their Wrist Tag.

6.2 Concession Adjustments

Kid's Concession adjusts how and how often the game is played. The standard point distribution in Section 5 still applies to their throws.

Adjustment	Detail
Tries	5 chances to throw (extended from the standard 3)
Standing Distance	Player stands much closer to the dart board, at the discretion of the volunteers
Dart Type	Player uses the lighter darts

CHECK BEFORE YOU START

Always check the player's Wrist Tag for the 'C' extension before applying Kid's Concession adjustments. Without the 'C' extension, the standard rules in Sections 3 and 4 apply — tries, standing distance, and dart weight are not adjusted.

7 SUPPORT & ON-SPOT GUIDANCE

For any further doubt or on-spot guidance, volunteers and players should go to the Admin / Gift Counter.
