## THANKSGIVING FEST 2026

• MYF GAME STALL OPERATIONS MANUAL •

### SHOOT THE HOOP

|                           |                                                 |
|---------------------------|-------------------------------------------------|
| <b>Stall In-charges</b>   | Jeffrey and Mark                                |
| <b>Entry Cost</b>         | 30 Tokens per play                              |
| <b>Standard Tries</b>     | 6 tries (4 balls, reused)                       |
| <b>Kid's Concession</b>   | Closer distance & lighter balls (Wrist Tag 'C') |
| <b>Props Collected At</b> | Admin / Gift Counter                            |

*Prepared for Stall Volunteers & Coordinators*

## QUICK REFERENCE CARD

Everything a volunteer needs at a glance.

|                                                                                                           |                                                                  |
|-----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------|
| <b>Entry Cost</b>                                                                                         | 30 Tokens per play                                               |
|  <b>Tries Allowed</b>    | 6 tries (no time limit)                                          |
|  <b>Full Score</b>       | 3 points — all 6 balls netted                                    |
|  <b>Kid's Concession</b> | Wrist Tag 'C' — stands closer to the net, uses lighter balls     |
|  <b>Props Pickup</b>     | Collect 1 basketball net & 4 balls from Admin / Gift Counter     |
|  <b>Need Help?</b>       | Go to the Admin / Gift Counter for any doubt or on-spot guidance |

## 1 STALL OVERVIEW

### 1.1 What Is Shoot the Hoop?

Shoot the Hoop is a classic netting challenge. Players take aim at a mounted basketball net and try to score as many baskets as possible across their tries.

### 1.2 Objective for Players

Net as many of the 6 tries as possible to earn the highest point tier.

## 2 PROPS NEEDED

### 2.1 Equipment Checklist

| Item           | Qty | Notes                                                          |
|----------------|-----|----------------------------------------------------------------|
| Basketball net | 1   | Mounted at a set distance from the throwing line               |
| Balls          | 4   | Reused / retrieved between throws to make up the 6 total tries |

#### PROPS PICKUP

All props for this stall must be collected at the Admin / Gift Counter at the start of the Fest.

### 3 GAME SETUP

#### 3.1 Setup Steps

1. Mount the basketball net at the set distance from the throwing line.
2. Keep the 4 balls ready beside the throwing line.

### 4 HOW TO PLAY

#### 4.1 Play Sequence

1. Player pays 30 Tokens at the stall counter to begin.
2. Volunteer hands the player a ball to shoot.
3. Player shoots at the net, aiming to score a basket.
4. Volunteer retrieves the ball after each shot so the player can take all 6 tries using the 4 balls.
5. Player gets 6 tries in total.
6. There is no time limit for this game.
7. Volunteer counts how many baskets were netted once all 6 tries are used.

#### RULE OF THUMB

Each shot counts as one try, whether it is netted or not.  
A basket only counts if the ball fully passes through the net.  
The volunteer retrieves and returns balls between shots so the player gets the full 6 tries.

### 5 POINT DISTRIBUTION

#### 5.1 Standard Scoring

| Balls Netted     | Points   |
|------------------|----------|
| Net all 6 balls  | 3 points |
| Net only 4 balls | 2 points |
| Net only 2 balls | 1 point  |

Points are awarded per the tiers above. For a ball count that falls outside these exact tiers, check with the Admin / Gift Counter for guidance.

## 6 KID'S CONCESSION

### 6.1 Who Qualifies

This concession applies only to participants with the extension 'C' on their Wrist Tag.

### 6.2 Concession Adjustments

Kid's Concession does not change the tries or the point distribution — it adjusts how the game is played to make it more accessible.

| Adjustment        | Detail                                                                    |
|-------------------|---------------------------------------------------------------------------|
| Standing Distance | Player stands much closer to the net, at the discretion of the volunteers |
| Ball Type         | Player uses only the lighter balls                                        |

*The standard point distribution in Section 5 still applies once the player takes their 6 tries under these adjusted conditions.*

#### CHECK BEFORE YOU START

Always check the player's Wrist Tag for the 'C' extension before applying Kid's Concession adjustments. Without the 'C' extension, the standard rules in Sections 3 and 4 apply — standing distance and ball weight are not adjusted.

## 7 SUPPORT & ON-SPOT GUIDANCE

For any further doubt or on-spot guidance, volunteers and players should go to the Admin / Gift Counter.
