• MYF GAME STALL OPERATIONS MANUAL •

STACK ATTACK

Stall In-charges	David and Elijah
Entry Cost	30 Tokens per play
Standard Time Limit	1 minute
Kid's Concession Time	2 minutes (Wrist Tag 'C')
Props Provided By	Stall In-Charges

Prepared for Stall Volunteers & Coordinators

QUICK REFERENCE CARD

Everything a volunteer needs at a glance.

Entry Cost	30 Tokens per play
 Time Limit	1 minute to stack, flip & de-stack
 Full Score	3 points — stack, flip & de-stack all completed within time
 Kid's Concession	Wrist Tag 'C' — 2 minutes, 2 points for stack + de-stack
 Props Responsibility	Stall in-charges bring 15 cups, 1 water bottle & a stopwatch
 Need Help?	Go to the Admin / Gift Counter for any doubt or on-spot guidance

1 STALL OVERVIEW

1.1 What Is Stack Attack?

Stack Attack is a speed challenge that combines cup stacking with a bottle flip. Players build a pyramid of cups, flip a water bottle, and then race to de-stack the pyramid back into a single pile before time runs out.

1.2 Objective for Players

Complete the full stack, flip, and de-stack sequence within the time limit to earn full points.

2 PROPS NEEDED

2.1 Equipment Checklist

Item	Qty	Notes
Party cups	15	Used to build the pyramid, base of 5
Water bottle	1	Flipped by the player after stacking
Stopwatch / Timer	1	Used to enforce the 1-minute (or 2-minute) limit

PROPS RESPONSIBILITY

Props for this stall are not collected at the Admin / Gift Counter — they must be brought by the stall in-charges.

3 GAME SETUP

3.1 Setup Steps

1. Place the 15 cups together as a single pile.
2. Place the water bottle next to the pile of cups.

4 HOW TO PLAY

4.1 Play Sequence

1. Player pays 30 Tokens at the stall counter to begin.
2. Volunteer starts the stopwatch as soon as the player begins.
3. The player stacks the 15 cups into a pyramid with a base of 5 cups.
4. The player flips the water bottle.
5. The player de-stacks the pyramid, returning the cups to a single pile.
6. Standard time limit is 1 minute.
7. Volunteer calls time at the end of the limit and checks how far the player got.

RULE OF THUMB

The stack only counts once the cups form a complete pyramid with a base of 5.

The bottle flip only counts if it lands upright.

Partial progress — stacking only, flipping only, or stacking and flipping without de-stacking — is still scored under Section 5.

5 POINT DISTRIBUTION

5.1 Standard Scoring

Condition	Points
Stack, flip the bottle, and de-stack — all within 1 minute	3 points
Both stack and flip completed, but not de-stacked	2 points
Only stack completed, or only the bottle flipped	1 point

If the player does not complete at least the stack or the bottle flip within the time limit, no points are awarded under the standard rules.

6 KID'S CONCESSION

6.1 Who Qualifies

This concession applies only to participants with the extension 'C' on their Wrist Tag.

6.2 Concession Rules

Rule	Detail
Time Limit	2 minutes (extended from the standard 1 minute)
Scoring	2 points if they stack and de-stack the cups (bottle flip not required)

CHECK BEFORE YOU START

Always check the player's Wrist Tag for the 'C' extension before applying Kid's Concession timing and scoring. Without the 'C' extension, the standard rules in Sections 4 and 5 apply.

7 SUPPORT & ON-SPOT GUIDANCE

For any further doubt or on-spot guidance, volunteers and players should go to the Admin / Gift Counter.
